CAREER OBJECTIVE

Java Backend Developer with experience building full-stack applications using Spring Boot, React, PostgreSQL, Firebase and Flask. Strong foundation in Data Structures, Algorithms, OOP and database design with interest in scalable backend systems and REST API development.

EDUCATION

- B.Tech in Computer Science and Engineering (Internet of Things)** **2023 - 2027**
Noida Institute Of Engineering And Technology, Greater Noida, Uttar Pradesh **CGPA: 8.84**
- Intermediate (12th)** **2021-2022**
Delhi Public School, Maruti Kunj, Gurugram **Percentage: 70.2%**
- Matriculation (10th)** **2019-2020**
Delhi Public School, Maruti Kunj, Gurugram **Percentage: 87.57%**

TECHNICAL SKILLS

- Programming:** Core Java, Python, JavaScript, Collections Framework, Exception Handling
- Databases:** MySQL, Firebase, PostgreSQL, Supabase
- Backend:** Spring Boot, REST APIs, Flask
- Tools:** Git, Maven, Postman
- Core CS:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks

PROJECTS

Progen – LeetCode Progress Tracker & Social Coding Platform | *Flask, React, Firebase* | [Github](#) | [Live demo](#) **March 2025 - June 2025**

- Developed a full-stack application using React and Flask to track LeetCode progress, coding activity, and performance insights
- Integrated Firebase (Firestore + Authentication) for real-time data storage and secure user management, including Google OAuth sign-in
- Designed a responsive and interactive UI featuring dashboards for progress tracking, streaks, and problem-solving analytics
- Built and consumed RESTful APIs for managing user activity, challenge workflows, and leaderboard rankings with efficient data handling

DevConnect– Developer Collaboration Platform | *Spring Boot, React, PostgreSQL* | [Github](#) | [Live demo](#) **Feb 2026 - April 2026**

- Developed a full-stack developer collaboration platform using React, Spring Boot and PostgreSQL enabling user networking, coding activity tracking and challenge participation.
- Implemented JWT-based authentication and authorization using Spring Security.
- Built RESTful APIs for profile management, challenge creation and activity tracking supporting efficient CRUD operations.
- Integrated Supabase PostgreSQL for scalable storage of user profiles, coding metrics and challenge data.

Cab Fare & Surge Pricing Prediction System | *Python, Scikit-Learn, HTML/CSS/JavaScript* | [Github](#) | [Live demo](#) **March 2026 - April 2026**

- Developed an end-to-end machine learning system to predict cab fares and surge pricing using the India Rideshare dataset, enabling real-time fare estimation across multiple ride categories.
- Trained and compared Gradient Boosting Regressor, Ridge Regression, and Random Forest models, selecting the best-performing model through RMSE, MAE, and R² Score evaluation metrics.
- Built a robust data preprocessing and feature engineering pipeline using ColumnTransformer, One-Hot Encoding, Ordinal Encoding, and StandardScaler to improve model accuracy and prevent data leakage.
- Deployed trained models through a Python-based REST API and integrated them with an interactive web dashboard providing fare predictions, surge analysis, and travel cost optimization insights.

TECHNICAL EXPERIENCE

Deloitte Australia Data Analytics Job Simulation on Forge **June 2025**

- Completed a Deloitte Australia job simulation focused on real-world data analytics tasks.
- Cleaned, analyzed, and interpreted datasets to support business decision-making.
- Built interactive dashboards and visualizations using Tableau to present insights.
- Delivered data-driven recommendations following consulting and industry best practices

ACHIEVEMENTS

- Solved 200+ Data Structures and Algorithms problems across Arrays, Strings, Linked Lists, Trees and Dynamic Programming.
- Led technical activities and coding initiatives as Technical Head, coordinating workshops and mentoring club members.

CERTIFICATIONS

- Data Analytics Job Simulation (Deloitte)**
- ReactJS (Infosys Springboard)**
- Network Technician Career Path (Cisco Networking Academy)**
